

*The program at Serenity Place is designed to help women and their children in their recovery as they learn to raise their children, obtain practical life skills, and become a functioning member of society.*

## THANK YOU

Serenity Place is able to continue because of the support it receives from the community, churches, organizations, and people like you. Thank you for helping to make this a place of serenity and opportunity!

## SERENITY PRAYER

God grant me serenity to accept the things I cannot change, courage to change the things I can, and wisdom to know the difference.

# WHAT IS SERENITY PLACE?

Serenity Place is a 16 bed residential treatment facility uniquely designed for pregnant and postpartum women with substance abuse.

- The program provides intensive, clinical services for women who are diagnosed with a substance use disorder and provides services to their children.
- The clients receive a structured treatment program that provides essential education and treatment components.
- A well-trained and licensed staff provides daily clinical treatment in both a group and individual setting.

*Take a step toward recovery.*

## WHO IS ELIGIBLE TO ENTER SERENITY PLACE?

---

Admission to Serenity Place requires that the individual is female, is pregnant or the primary caregiver to a child under the age of 6, and meets the ASAM criteria for Residential Treatment based on an individual assessment.

*“This is a place of opportunity which allows women to recover and live a full life free of alcohol and drugs.”*

## HOW DO YOU REFER SOMEONE TO SERENITY PLACE?

---

Serenity Place accepts referrals from families, social service agencies, the hospital, or the individual herself.

If the individual does not meet the criteria for Serenity Place, a referral will be made to another agency.

Call 864-467-3881 for referrals.

## CHILDREN'S THERAPEUTIC SERVICES

---

Circle of Friends is an onsite treatment center for residential and community children. CTS is a psycho-social and developmental system of services for children 6 years of age or under. The goal of these services is to cultivate the psychological and emotional well-being of the children and to promote their developing competencies.

Each child is provided direct treatment with their family including therapy, in-home observation and monitored interactions by trained teachers and child development specialists.

Expected outcomes of these services are the prevention of child maltreatment, relief of the effects of abuse and neglect, and empowerment of families to meet the needs of their children.
